

Installation of CCTV Surveillance system in Railway coaches.

Ref: Railway Board's letter no.
(a) 2001/M(C)/137/1 Pt.1 dt. 25.07.2014.
(b) 2001/M(C)/137/1 Vol. 10 Pt.V dt. 11.03.2015.

Railway Board vide letter under reference has directed ICF to issue specification for CCTV system. CCTV system has been fitted on trial in three types of coaches viz. ladies compartment of SLRD, doorway and compartment of AC 2T and AC 3T. Specification of CCTV system No. ICF/MD/Spec.-269 Rev.00 has been issued based on the above trials.

Meanwhile, queries have been raised by Railways and suppliers regarding the requirements of CCTV camera and recording system configuration for future networking and surveillance in a control room. Accordingly, meeting was convened at ICF and based on the feedback, specification has been revised to spec. no. ICF/MD/Spec.-269 Rev.01. The revised specification along with revised drawings are uploaded.

Sl. No.	Description	Drg. No.
1.	Installation of CCTV camera in non-AC coaches	ICF/SK3-9-0-155
2.	Installation of CCTV camera in AC coaches	ICF/SK3-9-0-161
3.	Installation of CCTV camera in EMU, DEMU & MRVC coaches	ICF/SK3-9-0-170
